EXPERIENCE

FALCON - UNITEC POWER SYSTEM PVT LTD, CHENNAI

Junior Software Developer 2021-2022

- Developed a robust billing software system utilizing MySQL as the relational database management system to efficiently store and manage critical transaction data.
- Implemented advanced database schema design in MySQL, allowing for seamless tracking of customer invoices, payments, and product inventory.
- Integrated MySQL queries and stored procedures to generate real-time financial reports, enabling businesses to monitor revenue and expenses with precision.
- Streamlined user experience with a responsive front-end interface, allowing users to easily generate invoices, process payments, and access historical billing records stored in the MySQL database.

CREATIVE BEES PVT LTD, COIMBATORE

Associate Developer 2022-2023

- Proficient in creating, customizing, and managing WordPress websites, including personal blogs, business websites, and e-commerce platforms.
- Skilled in customizing WordPress themes using HTML, CSS, and PHP to meet design and functionality requirements.
- Experienced in integrating and configuring WordPress plugins and developing custom plugins for enhanced website functionality.
- Knowledgeable in implementing SEO best practices within WordPress, resulting in improved website visibility and traffic.
- Proficient in performing routine maintenance, updates, backups, and security enhancements to ensure the security and stability of WordPress websites.
- Committed to delivering optimal user experiences.
- Eager to contribute technical expertise and creativity to innovative projects.
- Successfully delivered results on 16+ WordPress projects, showcasing a diverse range of skills and versatility in handling various client requirements and project scopes.
